

COVID-19 flexibilities: ending provisional provider enrollment

This communication applies to the Medicaid programs for Simply Healthcare Plans, Inc. (Simply) and Clear Health Alliance (CHA).

Simply and CHA previously established certain provider flexibilities to help respond to COVID-19. The purpose of this notice is to communicate details regarding the end of temporary flexibilities granted during the state of emergency effective July 1, 2021.

Starting March 18, 2020, the Agency for Healthcare Administration (AHCA) allowed provisional enrollment for in-state and out-of-state providers to address potential workforce shortages in the state. The availability of provisional enrollment ended on July 1, 2021, thus prohibiting providers from enrolling through the provisional enrollment process effective July 1, 2021.

Providers currently enrolled through the provisional enrollment process have through December 31, 2021, to enroll in Medicaid. Providers who do not complete the enrollment process by that date will be terminated from Florida Medicaid.
